A NEW ERA FOR SOUTH AFRICAN WINE

WITH EACH PASSING YEAR SOUTH AFRICAN WINES ARE COMING TO THE FOREFRONT MORE THAN EVER. OUR EXCITING WINES THAT INCLUDE NEW VARIETALS, MORE REFINED PROFILES AND THE IMPLEMENTATION OF NEW VINEYARD AND CELLAR PRACTICES CONTINUE TO DEMAND THE ATTENTION OF MANY A WINE CRITIC AND JOURNALIST.

We invite you to discover our top quality South African wines on offer by our exhibiting producers at ProWein 2018. You will find a comprehensive selection of wines from the various wine growing regions, which showcases the diversity of styles and terroir from the freshness of the cool-climate areas to the boldness of the lower-lying warmer regions.

Visit the individual exhibitors at their stands and meet the winemakers who pour their heart and soul into each bottle of vinous tincture or taste your way through the Tasting Zone where you'll be able to experience a representative selection of South African's top award winning wines including Méthode Cap Classique (MCC) and a wide range of white and red wines that have stood out on various competition judging panels and rating systems in the past year.

We would like to draw your attention to CapeWine 2018, South Africa's largest showcase of wine to the international trade. Hosted every three years, CapeWine invites buyers, retailers, importers, distributors and media to visit South Africa's winelands for a three day event from 12-14 September 2018 at the Cape Town International Convention Center alongside a host of exciting producer events. We invite you to join us in beautiful Cape Town in September for this important showcasing of South African Wines.

Should you have any further questions or require any additional information, be sure to speak to any of the WoSA representatives who will be happy to help. In closing we would like to take this opportunity to thank our sponsor DHL for their continued support of the South African wine industry.

WISHING YOU A SUCCESSFUL PROWEIN 2018,

Siobhan Thompson
CEO Wines of South Africa

Find the inspiration and a million reasons to go beyond the well-known. Discover hidden gems, uncover local secrets, and discover...

SOUTH AFRICA HAS A LOT MORE TO OFFER THAN GOOD WINE.

www.visitwinelands.co.za

DISCOVER SOUTH AFRICA **TASTING ZONE**

HALL 9: B48

THIS SPECIAL WINE TASTING AREA WILL ALLOW YOU TO EXPLORE WINES IN A WIDE RANGE OF STYLES AND REGIONS HIGHLIGHTING TOP QUALITY WINES. THE WINES THAT ARE SHOWCASED ON THE FIVE PODS WERE SELECTED USING A MATRIX WHICH COVERED SIX INTERNATIONAL AND LOCAL COMPETITIONS AND RATINGS TO IDENTIFY SOME OF THE TOP-AWARDED WINES FROM SOUTH AFRICA.

This is a mere platform to show a small selection (over 60) of the best wines that are produced in South Africa, however to taste even more of the top-quality wines, please look at visiting CapeWine 2018 which runs from 12 – 14 September 2018 at the Cape Town Convention Centre in South Africa. Taste and compare in one go without interruption. Our expert Wines of South Africa representatives are available for advice upon request

Wines will be available for tasting from 11:00 – 16:00 daily. There are five pods in total. One for South Africa's sparkling Méthode Cap Classiques, two for whites and two for reds, each of which also includes sweet and fortified wines. The white wine pods are separated by unwooded, lighter wines and wooded, richer-style whites. The red pods will also be divided into light and fruity on the first pod and full-bodied and robust on the second.

SPECIAL TASTINGS (DAILY)

11:00 - 16:00 AM **TASTING SELECTION**

- Méthode Cap Classiques
- Award – Winning Whites
- Award – Winning Reds

TASTING SELECTION

MÉTHODE CAP CLASSIQUE

South Africa's answer to traditional method Champagne has seen a sharp rise in popularity from all corners of the earth. Traditional varietals of Chardonnay, Pinot Noir and Pinot Meunier are most often used, however certain producers are making excellent bubbly using other varietals such as Chenin Blanc, Sauvignon Blanc, Pinotage and various different blends. In order to be labelled as a Cap Classique, the wine needs to undergo a secondary bottle fermentation and spend a minimum time of 9 months on the lees.

AWARD-WINNING WHITES

South African white wines have long been hugely popular both locally and internationally. Their crisp freshness and diverse range of flavours have seen a supply in a range of styles that vary between being light and fruity to showing great minerality and sublime richness. These white wines are excellent when served alongside food or by themselves and represent a widespread terroir across the Cape winelands.

AWARD-WINNING REDS

Rich and robust or elegant and light, this selection of award-winning South African red wines offers a cacophony of flavours that are bound to excite even the harshest of critics. The diverse offering in these red wines truly showcase the best of the best, albeit only a small representation thereof. South African reds have come a long way and provide complexity in flavour in a wide selection of styles that ensures a uniqueness in style that is truly our own.

AWARD-WINNING REDS

Rich and robust or elegant and light, this selection of award-winning South African red wines offers a cacophony of flavours that are bound to excite even the harshest of critics. The diverse offering in these red wines truly showcase the best of the best, albeit only a small representation thereof. South African reds have come a long way and provide complexity in flavour in a wide selection of styles that ensures a uniqueness in style that is truly our own.

BOTTLEBOOKS WOSA INTERACTIVE EXHIBITOR CATALOGUE

EASY AND CONVENIENT VISIT BOTTLEBOOKS TO VIEW THE WINES OF SOUTH AFRICA PROWEIN EXHIBITOR CATALOGUE.

Bottlebooks

Here you will be able to view, sort, select and research the exhibitors and their wines available by price, variety, region and seeking representation, which can be accessed by all desktops and mobile devices via:

<http://bottlebooks.wosa.co.za>

Bottlebooks will allow you to create your own personalised tasting list and view all tasting notes from all wines available at the South African ProWein stands in Hall 9.

Design meets Wine

WELCOME

TO OUR
WORLD OF
DISCOVERY

CELEBRATE THE CAPE

**AT THE SOUTHERN TIP OF THE AFRICAN
CONTINENT WHERE TWO OCEANS MEET LIES
THE CITY OF CAPE TOWN, A GREAT WINE
CAPITAL OF THE WORLD AND THE GATEWAY
TO THE SOUTH AFRICAN WINELANDS.**

For over 350 years, the cultures of Africa, Europe and the East have met and mingled here in the shadow of its famous landmark, Table Mountain, creating a city, both ancient and modern, culturally vibrant and rich in colourful history.

The Cape has witnessed many events in South Africa's history and it was here that Nelson Mandela, in 1990, took his historic 'walk to freedom'. And it was here too, four years later, that Archbishop Desmond Tutu described the new South African nation as 'the rainbow people of God', and the rainbow nation was born.

Today, South Africa is a peaceful democracy, a dynamic country of enormous diversity. A winemaking tradition and history dating back over three-and-a-half centuries blends the restrained elegance of the Old World with the accessible fruit-driven styles of the New World, making for varied and exciting wines which eloquently express the unique terroir, extraordinary diversity and fascinating people of the Cape.

BIODIVERSITY IS OUR HERITAGE

THE CAPE WINELANDS ARE LOCATED IN THE CAPE FLORAL KINGDOM.

One of six such plant kingdoms in the world, it is the smallest, yet richest, home to over 10,000 plant species – more than in the whole of the northern hemisphere. Table Mountain alone has more floral species than the entire United Kingdom.

One of 35 recognised biodiversity hotspots – 70% of the plants found here are not found anywhere else on earth – the Cape Floral Kingdom is a World Heritage site.

In the South African winelands, you will find some of the oldest viticultural soils in the world, traceable back over 500 million years ago. Diversity of soils is matched by diversity of climate and geography, creating a treasure trove of winemaking possibilities. The options are endless.

BIODIVERSITY IS OUR HERITAGE

This is clearly demonstrated in the range of flavour profiles which make a Sauvignon Blanc from Elim so different to one from Elgin – or a Shiraz from Paarl so different to one from the Swartland.

Preserving this unique natural heritage is deeply ingrained in the nature of the South African wine producers, many of whom have farmed their land for generations. The South African wine industry proactively supported conservation and, over a decade, have voluntarily preserved over 143 000 hectares in the winelands. This means that on our farms, for every hectare under vineyard, we now have some 1.43 hectares in conservation status. For more information visit:

www.swsa.co.za

Over 94% of producers farm according to Integrated Production of Wine (IPW) guidelines which were introduced in 1998 and ensure sustainable growing methods, the protection of our biodiversity heritage and the careful management of water resources.

AUTHENTICITY GUARANTEED

In 1973, legislation was introduced to recognise and protect the distinctive qualities, which wines derive not only from certain areas, but also from specific grape varieties and vintages. South Africa's winegrowing areas have been classified by region, each of which is broken down into smaller districts, wards and units for the production of estate and single vineyard wines.

This classification is administered by the Wine and Spirit Board, appointed by the Department of Agriculture. Wine which has been certified by the Wine and Spirit Board carries a seal, guaranteeing the reliability of all information relating to origin, grape variety and vintage as stated on the label.

A WORLD IN THE WINELANDS

**THE CAPE WINELANDS ARE AMONG
THE MOST BREATHTAKINGLY
BEAUTIFUL IN THE WORLD.**

Several of the wine routes, including Constantia, Durbanville, Darling, Stellenbosch, Helderberg, Paarl, Franschhoek, Wellington, Elgin and Bot River, are within approximately an hour or less easy driving distance from Cape Town. Others, like Breedekloof, Worcester, Robertson, the Little Karoo, Tulbagh, Walker Bay, Stanford, Elim, Plettenberg Bay, Swartland, Olifants River and Northern Cape take you on a slightly longer journey through constantly changing and spectacular landscapes.

A WORLD IN THE WINELANDS

Currently, around 95 775 hectares (236 665 acres) of vines producing wine grapes are under cultivation over an area some 800 kilometres (500 miles) in length. These vineyards are cultivated by some 3 145 primary producers and wine is made in more than 568 wineries.

Under the auspices of the Wine of Origin Scheme, production zones in the Cape winelands are divided into officially demarcated regions, districts and wards. There are five regions – Breede River Valley, Coastal, Klein Karoo, Cape South Coast and Olifants River, encompassing 27 diverse districts and some 77 smaller wards.

SOUTH AFRICAN WINE TODAY

South Africa is currently the world's seventh largest producer, responsible for 4.1% of overall volume production. The 2017 wine grape harvest amounted to 1 434 328 tons (1,112 million litres) with wine production at 916.9 million litres, 18 million litres down from the 2016 figure of 898.4 million litres.

IN 2016 SOUTH AFRICA HAD:

- 3 145** primary grape growers;
- 568** wine cellars crushing grapes (comprising
 - 48** producer cellars,
 - 493** private wine cellars and
 - 27** producing wholesalers) and
- 118** bulk wine buyers.

PROMOTING ETHICAL TRADE

CONSUMERS ARE INCREASINGLY LOOKING FOR PRODUCTS WITH ACCOUNTABILITY.

South Africa has a special responsibility because of our past and, as a result, our supply chain has come under closer scrutiny than those of our competitors. By the same token, we are proud of having more Fairtrade wineries than any other country.

Fair for Life is active in South Africa too. We are also the only wine region in the world that has its own independent auditing body, the Wine and Agricultural Ethical Trading Association (WIETA). The benefit is that while today's consumers may be looking for good value in the current uncertain economic climate, they are also looking for solid values behind the brands they choose.

PROMOTING ETHICAL TRADE

ETHICAL TRADE IN ACTION

The year 2002 saw the formation of the Wine Industry Ethical Trading Association (WIETA), a unique multi-stakeholder, non-profit, voluntary organisation, which actively promotes ethical trade in the wine industry value chain through training, technical assessment and audits to assess members' compliance with its code of good practice.

Now well established and securely funded, with the support of all wine industry associations and organisations, WIETA launched the Fair Labour Certification seal in 2012, guaranteeing full traceability of ethical and good labour practices for workers working and living on the farms and cellars producing these wines. WIETA now has some 1 505 producer-members and cellars involved in and committed to ensuring fair and equitable labour standards. Those that achieve accreditation are entitled to display this seal.

WIETA drives a pro-active world-class and sustainable ethical trade programme for the South African wine industry and aligned sector. WIETA is also a globally recognised ethical auditing body registered with the Global Social Compliance Programme (GSCP).

“We are enhancing WIETA's credibility by linking with a global ethical standards programme supported by the likes of Ahold, Systembolaget, Tesco, M&S and Co-Op. It demonstrates that our criteria stand up to global best practice. We believe it will also help South African producers wanting to trade with these retailers. More importantly, international recognition speaks to the

high international standards of working and living conditions that workers on our member farms and cellars enjoy,” commented CEO Linda Lipparoni.

PROMOTING ETHICAL TRADE

WIETA'S MISSION STATEMENT

WIETA strives to ensure fair treatment, respectful relationships and dignified lives toward achieving a transformed agricultural sector. As an organisation WIETA is committed to ensuring that the following values are embedded in its vision, mission, strategic programmes and operating and performance standards.

- Commitment to change
- Integrity
- Making a difference
- Taking the lead
- Creating space to interact
- Excellence in what we do

The service to our members and clients is focused on the provision of a framework for the creation and improvement of equitable and harmonious relationships in the workplace ensuring:

- The improvement of the lives of employees;
- Increasing market access; and
- Providing assurances that South African products are ethically produced.

THE WIETA ETHICAL CODE OF BEST PRACTICE

The code, which is based on the International Labour Conventions' ETI base code and South African legislation within the agricultural context, contains the following 12 important principles:

- Management systems
- Prohibition on child labour
- Prohibition on forced labour
- A safe and healthy work environment
- Freedom of association and the right to bargain collectively
- Workers shall not be unfairly discriminated against
- Fair disciplinary measures shall be adopted
- Working conditions are fair and hours shall not be excessive
- Striving towards the payment of a living wage
- Regular employment shall be provided
- Housing and tenure security
- Striving towards social responsibility and community development as best practice

The code constitutes 12 principles that apply to all members of WIETA within South Africa who strives to be ethically accredited by the organisation, inter alia producers, cellars, estates, co-operatives and temporary employment services.

The code affords the highest protection to workers.

WIETA AUDIT PROGRESS

- **1 505** producer members
- **1 250** audited members
- **985** certified members
- **769** wines approved to carry the 'Fair Labour Practice' seal

(Figures as at November 2017).

BUYING FOR A BETTER WORLD

**FAIRTRADE IS AN ETHICAL CERTIFICATION
AND ITS MAIN AIM IS TO PROMOTE
EQUALITY AND SUSTAINABILITY IN THE
FARMING SECTOR.**

A product that carries the FAIRTRADE mark has met the rigorous Fairtrade standards, which focus on improving labour and living conditions for farming communities and on promoting a more sustainable way of farming.

Using the Fairtrade logo on a bottle of wine makes it instantly recognisable as being ethically and sustainably produced. By purchasing Fairtrade wines, consumers are contributing directly towards the social development of rural communities. For every bottle of Fairtrade wine sold, 70 cents goes back to farm workers to invest in improving the lives of their families and communities, such as education bursaries, alcohol rehabilitation programmes and investments for the youth.

South Africa, which boasts the highest number of Fairtrade certified wineries in the world, is the only country to have BEE-compliance criteria. Each producer and trader is physically audited and accredited annually.

South African wines have carried the Fairtrade logo in international markets for several years, but it is only since 2009 that Fairtrade Label South Africa, a local not-for-profit organisation, having entered into a historical agreement with Fairtrade International, can promote and facilitate the use of the international Fairtrade mark in South Africa.

In addition, the revenues from the license fees will stay in South Africa and will be used to promote Fairtrade locally.

BUYING FOR A BETTER WORLD

THE BENEFITS OF FAIRTRADE WINE

FOR FARM WORKERS

- High labour standards & no child or forced labour
- Non-discrimination
- Fairtrade development premium to invest in social and economic projects for the whole community

FOR PRODUCERS

- Minimum price guaranteed to ensure producers can cover the costs of sustainable production
- Value added to wine label
- Stronger relationship between the wine brand, its customer and the farming community

FOR THE ENVIRONMENT

- Sustainable farming methods
- Strict regulations on pesticide use
- No GMOs
- Progressive CO₂ standard

SOME INTERESTING FACTS & FIGURES:

- In 2015, 2/3 of global Fairtrade wine sales were from South Africa, making the country the largest producer of Fairtrade wine globally.
- About 5% of South Africa's wine grape production is Fairtrade certified.
- There are currently 66 certified companies producing and trading wine in South Africa. The 28 growers extend over 70 farms and employ 2,559 farm workers. Counting their families, we estimate that the sale of South African Fairtrade wine is a key contributor in the improvement of living and working conditions for nearly 11,500 people.
- There has been strong growth in South Africa, with 700,000 bottles of Fairtrade wine sold in 2015, an increase of 28% from 2014.
- There are 49 producer organisations worldwide – 28 are in South Africa; 10 in Chile; nine in Argentina; and one each in Brazil and Lebanon respectively.
- Over 40 000 people benefit from the sale of Fairtrade wine globally.
- The top-selling markets are the UK, Germany, Sweden and the Netherlands.
- The area of wine grape cultivation worldwide that is Fairtrade totals 11,400 hectares.
- 24.7 million litres of Fairtrade wine were sold globally in 2015, up 12% from 2014.
- In 2015, €7.3 billion worth of Fairtrade products was sold globally. Coffee, cocoa and bananas are the leading product categories.

BUYING FOR A BETTER WORLD

SETTING STANDARDS FOR SOCIAL ACCOUNTABILITY & FAIR TRADE

The Fair for Life Social & Fair Trade Certification Programme offers operators of socially responsible projects a solution for brand neutral third party inspection and certification in initial production, manufacturing and trading.

It combines strict social and fair trade standards with adaptability to local conditions. The programme, which is designed for both food and non-food commodities (like cosmetics, textiles or tourist services), includes detailed environmental criteria and complements existing fair trade certification systems.

The Fair for Life programme builds on widely acknowledged baseline standards, such as the conventions of ILO, FLO standards, SA 8000 and IFOAM's social criteria.

A solution for brand neutral third party inspection and certification in initial production, manufacturing and trading, it combines strict social and fair trade standards with adaptability to local conditions. The Fair for Life programme builds on widely acknowledged baseline standards, such as the conventions of ILO, FLO standards, SA 8000 and IFOAM's social criteria.

FLAVOURS OF THE CAPE

OVER THE PAST FEW YEARS, SOUTH AFRICA'S RED WINE PLANTINGS HAVE INCREASED DRAMATICALLY, SHIFTING THE PROFILE FROM PREDOMINANTLY WHITE TO RED IN LINE WITH INTERNATIONAL DEMANDS.

Red wine plantings now constitute 45.4% of the national vineyard, with white wine varieties accounting for 54.6%. Our winegrowing roots go back over three-and-a-half centuries and have strong French and German influences.

In the past decade there's been a renaissance in the wine industry, with new plantings, new knowledge and a new generation of enthusiastic winemakers producing wines which are winning international accolades.

World-class sweet wines – from luscious dessert wines to fortified muscadels – are produced at the Cape. Also noteworthy are our port-style wines and Méthode Cap Classiques, made according to the traditional Champenoise method.

FLAVOURS OF THE CAPE

RED WINE VARIETIES

Cabernet Sauvignon: This noble grape variety is grown in almost all the regions of the Cape, but most extensively in Paarl and Stellenbosch. In recent years, Cabernet Sauvignon has become our most widely planted red variety. It now accounts for over a quarter of the acreage planted to red wine grapes in this country.

Merlot: Traditionally blended with Cabernet Sauvignon, Merlot is now increasingly bottled on its own. This fruity, rich variety is found mainly in Stellenbosch, Paarl and Worcester as well as along the West Coast.

Pinotage: In 1925, a professor at the University of Stellenbosch crossed Pinot Noir with Hermitage (Cinsaut) and Pinotage was born. This variety is unique to South Africa and is celebrated worldwide for the distinctively rich and spicy wines it produces.

Pinot Noir: Although plantings of this variety are still relatively small in South Africa, some outstanding wines have been produced, particularly in the cooler Walker Bay and Elgin areas.

Shiraz: This grape, the second-most planted red-wine variety, is well suited to the Cape where intense smoky and spicy wines are being produced.

Other red wine varieties include

Cinsaut, widely planted and used mainly for blending, and Ruby Cabernet. Cabernet Franc, Grenache, Mourvèdre, Malbec and Petit Verdot are more recent introductions.

WHITE WINE VARIETIES

Chardonnay: Many new vineyards planted to this noble variety have come on stream in recent years. Whether matured in oak or left unwooded, Cape Chardonnay always makes elegant wines full of fruit flavours.

Chenin Blanc: This is the Cape's most widely planted wine grape variety. Today, modern growers are raising the standard of Chenin to new levels. Produced in a variety of styles, these food-friendly wines are full-flavoured with excellent maturation potential.

Sauvignon Blanc: South African wines made from this variety are being recognised internationally for their quality and complexity. Great Sauvignon Blanc is produced in most of South Africa's diverse winegrowing regions.

Semillon: Two centuries ago, this was the Cape's most dominant variety, but today it represents only a small percentage of our total vineyard area. It is regaining popularity and wines of great intensity and flavour are being made.

Viognier: Increasingly fashionable internationally, this variety is showing promise here, producing delicate yet complex wines with peach, apricot, honey and spice aromas. It is also sometimes used as a blending component, particularly with Shiraz.

Other white wine varieties include

Colombard, Gewürztraminer, Hanepoot, Muscadell, Nouvelle, Pinot Gris and Riesling.

VINTAGE GUIDE

**THE NUMBER OF WINE REGIONS,
THEIR GEOGRAPHIC DISTANCE
AND CLIMATOLOGICAL DIVERSITY
DEFY GENERALISATION BUT THE
OVERALL CHARACTERISTICS OF
THE LAST 10 VINTAGES MAY BE
SUMMARISED AS FOLLOWS:**

2017 Despite the continuing drought in the Western Cape, the 2017 harvest has been touted as one of the best in over 50 years. Richness and complexity abounds in both red and white varieties. A vintage to be remembered as producing wines of exceptional quality.

2016 Challenging conditions led to a reduced wine grape crop for South African producers in 2016, however grapes were healthy and concentrated which promises good flavour in wines.

2015 The South African wine industry will remember the 2015 season as one of the driest and earliest in years, with a somewhat smaller wine grape harvest delivering some exceptional wines.

2014 A challenging season in some areas but exceptional harvests, especially in the coastal regions, with regard to quality and quantity. White wines with tropical, fruity and fresh characteristics were produced, along with intense colour and exceptional flavour in the red wines.

2013 The moderate harvest season contributed to intense colour, exceptional flavour and good structure in the red cultivars, especially for Pinotage, which appeared good in terms of size and quality. Throughout the industry winemakers reported excellent fruity and tropical white wines with fresh characteristics.

2012 An exceptional year with regard to quality. Ideal growing conditions, a cool harvest period and slow ripening resulted in smaller berries with intense colour and exceptional flavours – in the red cultivars especially – and winemakers noted excellent white wines with good fruit and structure.

2011 Despite challenging climatic conditions, winemakers were pleased that the quality of the wines would comply with consumers' needs. Smaller berries in red cultivars resulted in intense colour, soft tannins and good structure, while the white wines – although below expectations – were described as attractive and balanced.

2010 The cool climate during the first part of ripening was beneficial to flavour retention in varieties such as Sauvignon Blanc. Bunches were looser than normal and berries smaller, with an excellent fruit to skin ratio resulting in intense colour in the red wines. Almost all red cultivars fared extremely well with grape quality already visible in the vineyard. Good overall quality with exceptional red wines.

2009 Probably one of the most memorable vintages ever. Both white and red impressed with intensely concentrated flavours. Thanks to extremely healthy grapes, a cool growing season and lower yields, truly excellent wines were made from all the noble cultivars, including Sauvignon Blanc, Chardonnay, Shiraz, Cabernet Sauvignon and Merlot.

2008 Elegant wines with a lower alcohol content due to cooler weather conditions. Slower ripening favoured phenolic ripeness, with excellent quality implications for red wines. Lovely colour and flavours from early ripening vines.

In 2018 trifft sich die internationale Weinszene vom 12.-14. September zur Cape Wine in Kapstadt.

An drei Tagen präsentieren sich rund 400 Weingüter im modernen International Convention Centre in Kapstadt. Der dreijährige Rhythmus und die ungebrochene Dynamik der südafrikanischen Weinwirtschaft gewährleisten eine hohe Attraktivität der Messe und des Veranstaltungsprogramms. Interessante Seminare, Vorträge und Themenverkostungen runden die Messetage ab. Die großen Highlights des internationalen Branchentreffs in Kapstadt sind die zahlreichen Veranstaltungen, in den nahe gelegenen Restaurants und Weinregionen. Die „Mother City“ Südafrikas bietet eine spektakuläre Kulisse für die Leistungsshow der südafrikanischen Weinerzeuger, die sich darauf freuen, ihre Erzeugnisse einem internationalen Fachpublikum zu präsentieren.

Informationen zur
Cape Wine 2018

WWW.CAPEWINE2018.COM

Das Reiseunternehmen SA-Travel bietet in Kooperation mit der Südafrika Weininformation Fachhändlern und Importeuren eine Studienreise zur Cape Wine und in die Kapregion an.

Während der 7-tägigen Reise können die Teilnehmer u. a. die Cape Wine besuchen und an exklusiven Abendveranstaltungen teilnehmen. Zudem sind Ausflüge und Weingutsbesuche in die umliegenden Weinregionen fester Bestandteil.

Erkunden Sie mit uns eine der schönsten Weinregionen der Welt!

FACHBESUCHEREXKURSION Cape Wine and Winelands 09.-15. September 2018

LEISTUNGEN:

- 6 Übernachtungen inkl. Frühstück
- Deutschsprachige Reiseleitung
- Transport in klimatisiertem Fahrzeug
- 2-Tage-Besuch der Fachmesse Cape Wine
- 4-Tage-Reise durch die Cape Winelands
- Besuch der Weingüter in Stellenbosch und Franschhoek und im Hemel-en-Aarde Valley
- Weinverkostungen und Events auf Weingütern

PREIS: 1.449,- €

*(pro Person im Einzelzimmer bei 15 Reisenden, zzgl. Flugkosten)
Auf Wunsch kann die Reisedauer auch verlängert werden.*

Das detaillierte Programm, Informationen sowie Anmeldeunterlagen erhalten Sie bei:
