# PARIS:

## A STRATEGIC HUB FOR THE GLOBAL DRINKS INDUSTRY

With direct access to key markets and a vibrant food and beverage scene, Paris is the ideal backdrop for driving business across wine, spirits, and No/Low.

In 2026, Vinexposium introduces a powerful trio of co-located events in Paris: Wine Paris, Be Spirits Paris, and the newly created Be No Paris, dedicated to alcohol-free innovation. Together, they form a single destination gathering 60,000+ professionals from 155 countries, unlocking more opportunities than ever before.

### Wine Paris

The international event for wine professionals in search of business development.

### Be Spirits Paris

The meeting place for spirits, mixology, beer and cider for forward-looking producers.

### Be No Paris

A 100% alcohol-free showcase to meet buyers and respond to fast-changing demand.

# TRAFFIC & PARKING

## ! IMPORTANT

All vehicles operating during assembly or dismantling periods, or during delivery hours when the event is open to the public, must register on the [Logipass](#) to access the exhibition halls of the Parc des Expositions.

Each company or service provider can create their own account. This account enables them to book time slots according to specific schedules.

Delivery time limits: Limited to 1 hour for light utility vehicles and limited to 2 hours for heavy goods vehicles

This ensures that everyone can make deliveries under optimal conditions.

*If registration is done on-site, authorised parking times are cut in half.*

A hotline is available for exhibitors/service providers with any questions:

Hotline : + 33(0)1 40 68 11 30

## PARKING

### ❖ DURING ASSEMBLY AND DISMANTLING

The exhibitor car parks are open (from 7:00 AM to 11:00 PM) and may be used free of charge until the day before the events are scheduled to open.

All light vehicles (less than 1 m 90 cm long) will be sent directly to the exhibitor car parks (which may be used free of charge during the assembly period). Exhibitors may then access the halls via lifts.

Parking for light utility vehicles and HGVs is near the halls. Drivers of such vehicles must obtain a [Logipass](#). Once unloaded, light utility vehicles and HGVs may use the Heliport car park free of charge during the assembly period. The Heliport parking is open from 7:00 AM to 11:00 PM.

Security staff will ensure compliance with the unloading times for each vehicle type, as indicated in the exhibitor guide. Any vehicle exceeding the allotted time will be wheel-clamped at the driver's expense.

On Wednesday, February 11, 2026, the exhibitor car park can once again be used free of charge (from 5 PM onwards).

Any entry into one of the car parks at Paris Expo Porte de Versailles before this time will incur a fee upon exit.

### ❖ DURING THE EVENT

All light vehicles must park in the exhibitor car parks.

Light commercial vehicles and HGVs must park in the special car park (Heliport, Bercy).

Access to logistics terraces is reserved for light utility vehicles (LCV) and heavy goods vehicles (HGV) only.

**The exhibitor car parks will be open daily from 7:00 AM to 11:00 PM throughout the event.**

From Monday, February 9 at 8:00 AM, all vehicles parked in the vicinity of the halls must be moved to the appropriate car park. Any vehicles remaining may be removed and impounded.

# TRAFFIC & PARKING

## BOOK YOUR PARKING PASS

You may book a parking pass (at a flat rate) for the duration of the event via your [exhibitor area](#).

The parking passes you have ordered can be found in your exhibitor area under the section: "Participation > My Parkings."

### IMPORTANT

The document available in the exhibitor area is not a parking ticket.

You must scan the barcode visible at the top left of the document at a terminal to obtain your parking ticket. This ticket must be kept safe and allows you to enter and exit the associated car park.

Tickets for light commercial vehicles and heavy goods vehicles can be collected from the Exhibitor Reception Desks (4 and 7.2).

During the assembly period and while the event is open to the public, you can purchase parking tickets from the kiosks located near the Exhibitors' Reception Desk in halls 4 and 7.2. Other kiosks are available at the various car park entrances.

**Car parks P6 and P7 are open 24 hours a day, 7 days a week.**

**On-site staff are available from 7:00 AM to 11:00 PM.**

Trucks weighing less than 6 tons and those weighing more than 6 tons will have to park at the Heliport

(1) Storage areas and furniture of the equipped stands must be completely cleared out on Wednesday, February 11, 2026, between 5:00 p.m. and 8:00 p.m. From 5:00 p.m. onwards, exhibitors will be able to:

- Remove wine and spirits samples
- Remove all valuable equipment (audiovisual, IT, etc.), furniture, floral decorations, etc.
- Leave any empty bottles, cartons, and other waste in the aisles along the length of their stand to be collected by WINE PARIS' cleaning service provider.

**Service providers and stand contractors are strictly prohibited from carrying out any work in the halls before 8:00 p.m.**

(2) The removal of any stand components is only permitted from 8:00 p.m. to 11:00 p.m. on Wednesday, February 11.

# ASSEMBLY & DISMANTLING

## EARLY ASSEMBLY

If you wish to arrange for the building of your stand prior to the designated dates indicated in the setup schedule, please submit your request to DECOPLUS.

Elisabeth TOUGARD  
[elisabeth.decoplus@gmail.com](mailto:elisabeth.decoplus@gmail.com)  
Tél. : +33 (0) 9 67 78 93 85

Exhibition stand exemptions are charged according to stand size:

- Stands between 24 sq.m and 299 sq.m ⇒ £400.00/day
- Stands between 300 sq.m and 699 sq.m ⇒ £650.00/day
- Stands  $\geq$  700 sq.m ⇒ £850.00/day

The rate applies per stand/exhibitor (no accumulation of surface area).

## INSTRUCTIONS DURING THE ASSEMBLY PERIOD

For all electrical box requests before **Sunday, February 8, 2026**, please submit your site power connection order (quote-based) through your online store.

For all requests for a permanent (24/7) power supply, if you already have an intermittent electricity connection, you must order a change of electrical mode (from intermittent to permanent). You may then place an additional order to increase the power if required.

The removal of goods and empty packaging must be completed by Sunday, February 8, 2026, at 10:00 p.m.

Otherwise, any identified pallets or other materials not cleared will be stored outside the halls. The removal and delivery of these items back to the exhibitor's stand will be at the exhibitor's expense.

All final assembly operations, including cleaning, must also be completed by Sunday, February 8, 2026, at 10:00 p.m.

No motorised vehicles will be allowed into the halls on Sunday, February 8, 2026, the final assembly day (except with special authorisation from the Organiser).

# ASSEMBLY & DISMANTLING

## DISMANTLING ARRANGEMENTS

On the evening of dismantling, special arrangements will be made for removing samples and sensitive equipment.

Standard components may only be removed from 8 PM onwards.

However, on Wednesday, 11 February, from 5:00 PM onwards, exhibitors will be authorised to:

- remove samples of wine and spirits
- remove all valuable equipment (audiovisual, IT, etc.), furniture, floral decorations, etc.
- leave any empty bottles in the boxes provided, cardboard boxes and other waste in the aisles along the length of their stand for collection by WINE PARIS' cleaning service.

For vehicles affected by these arrangements, access will be permitted to the areas around the halls between 5:00 PM and 8:00 PM on presentation of a LOGIPASS and a permit issued by WINE PARIS.

Anybody wishing to access the site during this period must have an exhibitor badge or special authorisation. Otherwise, they will be refused access.

# ACCESS PASS

## VERY IMPORTANT

- ⇒ MINORS ARE STRICTLY PROHIBITED FROM ENTERING THE EXHIBITION, DURING ASSEMBLY, THE EXHIBITION AND DISMANTLING, even if accompanied by an adult. No exceptions will be made. Any attempt to enter will be systematically refused.
- ⇒ To be granted access to the exhibition halls, **all individuals must have been issued a WINE PARIS badge**, which must be worn during the assembly, opening and dismantling periods.
- ⇒ **Identity checks** will take place around the halls.
- ⇒ **Security equipment and the wearing of safety footwear are compulsory**; failure to comply shall result in access to the halls being denied.

## EXHIBITOR BADGE

- The exhibitor badge grants access to the exhibition park during the assembly, opening and dismantling periods in accordance with the timetables that feature [on the exhibitor timetable](#).
- The exhibitor declares and edits their badges in their [exhibitor area](#). The badge is personal and non-transferable.
- For additional badge requests, an article is available in the online store.
- During opening periods, the number of daily entries is limited.

# COMPLEMENTARY INSURANCES

Log in to your [exhibitor area](#)

To learn more about your insurance regulations during the exhibition, please refer to the “Regulations & Terms and Conditions” section under the “Practical Information” tab.

To purchase additional insurance, please visit the “Store” tab.

## COMPLEMENTARY INSURANCE AGAINST DAMAGE TO PROPERTY

Exhibitors may take out complementary insurance, provided by WINE PARIS, to cover their property if the value of the property exceeds the amount covered by the insurance policy taken out as part of the registration application.

This cover takes effect from the day the show opens to the public (at 9:00 am on February 9, 2026) to the evening the show closes to the public (5:00 pm on February 11, 2026).

The premium will be equal to 0.27% of the insured goods' value.

## PLASMA SCREEN & LCD INSURANCE

Exhibitors have the option to purchase specific insurance from WINE PARIS 2026 for plasma screens that are fixed or securely wired to the stand's frame.

This cover takes effect the day the show opens to the public (at 9:00 am on February 9, 2026) and remains in effect until the evening the show closes to the public (5:00 pm on February 11, 2026).

The premium will be equal to 4% of the equipment's value.

# COMPLEMENTARY INSURANCES

## DAMAGES

No claim will be accepted unless it has been reported to the exhibitor reception desk within two working days in the case of theft, or five working days for other types of damage.

All claims must include the date, circumstances of the incident and approximate amount of damage, and must be accompanied by the original police report in the case of theft.

As of 20 November 2024, following directives received from the 15th arrondissement police station, the State has established a new internet platform that allows anyone who is a victim of a 'property offence' to file a complaint directly online.

- **Who can file a complaint?**

Any individual, company, administration or association.

- **What offences are covered?**

Any offence against your property committed in France by a person whose identity you do not know:

- Theft (mobile phone, car, bank card, etc.),
- Damage to property (car scratches, graffiti, etc.),

This system also covers foreign nationals.

From now on (20/11/2024), you should visit the website:

<https://plainte-en-ligne.masecurite.interieur.gouv.fr/>

## OTHER REGULATIONS

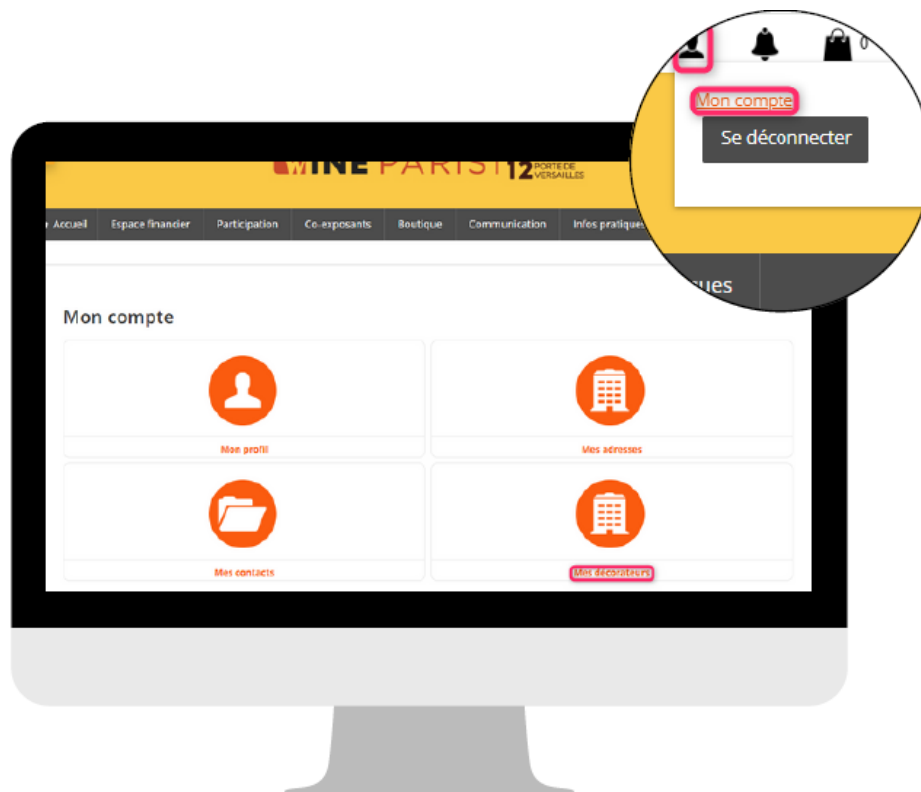

Find all your other regulations in your [exhibitor area](#), under the "Useful Info" tab:

- General Terms and Conditions for Space Rental and Stand Construction
- General Regulations for Sales Events
- Regulations governing rental risk insurance and property damage
- Special Regulations
- General Terms and Conditions of Sale for Communication Tools

# DECORATOR'S DECLARATION

For Direct Exhibitors and Pavilion Organisers, the decorator must be registered via the [exhibitor area](#) > “My account” > “My decorators”.

Then, the decorator will have access to their dedicated area and the “Store” tab. They will be invoiced directly.

If the exhibitor wishes to be directly invoiced, they must share their access codes with their decorator.

# SERVICES

## GLASS SERVICE

A delivery service for glasses on your stand with three washes per day is available. You can order the service with the desired number of glass racks directly on the online store of your [exhibitor area](#). Racks of glasses are automatically ordered in pairs of two.

### GLASS WASHING SERVICE

Racks of clean glasses are delivered to your stand every morning before the opening. An ongoing glass exchange service will circulate through the aisles to swap full racks of dirty glasses with full racks of clean ones.

All the glasses must be inserted straight up in full racks. (1 type of glass per rack, in case of different models),

The racks of dirty glasses will be exchanged if they are full. The racks of all glasses (dirty and clean) will be collected in the evening after closing time. The racks must be left on the side of the aisle.

✓ Put the glass straight up

✗ Don't put the glass upside down

✓ You can put the glass with liquid inside.

# SERVICES

## ICE SERVICE

You can order bags of ice cubes packaged in 3, 10 or 20 Kg.  
Deliveries are made in the morning, before the show opens, directly to your stand.

Additionally, for exhibitors without a refrigerator or freezer on their stand, we also offer insulated boxes.

To order ice cubes and insulated boxes, please consult the online store located in your [exhibitor area](#).

## SPITOONS EMPTYING

A dedicated team will be on hand throughout the day to empty the spittoons made available to exhibitors.

In case of an emergency, two water points are available in each hall.

# SERVICES

## CLEANING AND VACATING THE STAND

To order a cleaning service for your stand or skips for waste treatment and disposal, visit the “Store” tab in your [exhibitor area](#).

## HALL CLEANING

- The halls, stands, and aisles will be cleaned every morning before the event opens to the public, or every evening, once visitors and exhibitors have left.
- Exhibitors may order additional cleaning services. They may clean their stand themselves or have it cleaned by a company of their choice (reminder: personnel from any such companies must have an access badge to access the halls).

## DURING ASSEMBLY AND DISMANTLING

- Event cleaning service providers are on hand in the Exhibitors’ Reception Desk (halls 4 and 7.2) to provide you with an estimate for providing you with skips for your materials and waste.
- Exhibitors undertake to remove and treat their waste in compliance with current regulations.
- Once the deadline for dismantling all stands has passed, the WINE PARIS exhibition may take any measures it deems proper to remove any remaining materials and waste at the exhibitor’s expense, risk and peril. It will also destroy any remaining structures and decorations that the exhibitor has neglected to dismantle.

### TIP:

If you enlist the services of a stand decorator/designer, ensure that the quote you receive covers waste removal.

## WHILE THE EVENT IS OPEN TO THE PUBLIC

- For turnkey stands by WINE PARIS, daily cleaning is included: the floor will be vacuumed, wastepaper bins will be emptied, easy-to-access furniture and furnishings will be wiped down, and waste will be collected and removed.
- For bare surfaces, daily cleaning services and/or cleaning before opening must be ordered in the online store.

# SERVICES

## MEETING / CONFERENCE ROOMS

Conference/meeting rooms are available to hire throughout the show.  
If you wish to reserve a room, please make your request directly on the [VIPARIS STORE](#).

**In order to process your request as quickly as possible, the information required to be communicated is as follows:**

- Your contact details
- The subject of your request (team meeting / general assembly/cocktail party/event, internal/other...)
- The size of the room (in terms of the number of people)
- If there is a requirement - time and date wish
- Your needs in terms of tasting equipment or other (video projector, chairs, tables, topping, ice buckets, spittoons, fridges ...)

The VIPARIS store will close on **28 January 2026**. All requests to reserve a room after the closing date will be subject to a feasibility study.

For further information, please contact VIPARIS, who will be able to give you the best possible answer on the feasibility of your project:

# EVENTS AT THE STAND

WINE PARIS has introduced guidelines to ensure the event runs smoothly and that visitors get the most out of their time at the event.

Exhibitors are given free rein as to how they manage their stands, provided the provisions listed below are adhered to and the exhibitor schedules are respected.

## MUSICAL PROMOTION

Exhibitors wishing to provide musical entertainment at their stand must inform the organiser in advance. Musical entertainment will only be authorised with the organiser's prior written consent, on submission of specific details of the proposed entertainment (audio equipment and source used, type of event, etc.).

To add sound to a stand using recorded media (CD, DVD, etc.) and obtain prior authorisation from the SACEM (France's professional body for collecting payments of artists' rights), submit a declaration online and make payment before the event is scheduled to commence:

<https://clients.sacem.fr/en>

Under no circumstances may the output of the speakers used exceed **30 W**. They must be turned towards the inside of the stand and tilted towards the ground. The volume of the audio must not exceed **80 dB**.

Failure to comply with these provisions will automatically entail the closure of your stand or the termination of the event taking place at the stand.

The exhibitor agrees not to run their entertainment event **for more than two hours per day**, during times agreed with the organiser.

# EVENTS AT THE STAND

## OFFICIAL EVENING OPENING

WINE PARIS is organising a late-night opening on **Monday, February 9, from 7:00 PM to 9:00 PM.**

### SCHEDULE

- Guests must leave the venue by 21:00.
- The stand must be tidied and vacated by the staff no later than 22:00.

### GUEST ACCESS

- Guests already present at the Exhibition must go to the hall where their evening event is being held before 19:00.
- Guests arriving from outside the Exhibition must hold a visitor badge and enter the Exhibition before 18:30.
- From 19:30 onwards, any exit from the hall will be final, and no new entries will be permitted.

### CONDITIONS FOR HOSTING GUESTS AT THE STAND

- The exhibitor will ensure that the size and layout of the stand allow them to host their guests safely.
- The exhibitor will ensure that the guests do not enter neighbouring stands.

### ELECTRICITY, EQUIPMENT AND LOGISTICS

- The exhibitor will order a permanent electrical connection, if necessary.
- Failing that, in the case of an intermittent connection, the exhibitor shall be subject to the Show's power supply schedule (end of power supply: 19:30).
- The exhibitor plans for the number of glass racks required (no specific service will be available outside Exhibition hours).
- Used glass racks must be placed near the stand at the end of the evening event.
- The exhibitor will plan for the necessary quantity of ice (no sales will be available outside Show hours).
- All caterers are authorised to provide services on-site if they are registered with VIPARIS and have completed a one-off service contract. (See Exhibitor Guide, p. 21)

### SAFETY AND INSTRUCTIONS

- The exhibitor will comply at all times with the safety instructions issued by the Organiser. (See Exhibitor Guide, p. 24)
- Security staff are present 24 hours a day in the halls.

## UNAUTHORISED SERVICES

Distributing or placing leaflets in the exhibition aisles, at the exhibition entrance, in the central aisle or throughout the exhibition centre;

Engaging in promotional activities in the aisles (using robots, hostesses, sandwich boards, etc.).

# HALL MONITORING & STAND SECURITY

## HALL MONITORING

General surveillance of the show is the responsibility of the organiser and is carried out in the very best conditions, yet this is an obligation of means and not of results.

The show's security company is aware of an increase in thefts and will ensure increased surveillance in the common areas.

Car parks are not monitored; objects of value inside vehicles must not be left out to ensure they do not attract interest.

## STAND SURVEILLANCE

Exhibitors who choose to use special surveillance for their stands are asked to inform the organiser of this fact by providing a list of the people who will be intervening on the stand as well as the name and contact details of the chosen surveillance company.

Exhibitors are responsible for their own stands and must take all necessary precautions to ensure their equipment is protected and removed in the evening upon closing if no surveillance has been put in place.

Imported goods must be cleared by the Customs Service before being placed on the Exhibitor's stand.

**Please note: Stand storerooms are not secure premises.**

## THEFT PREVENTION

Due to an increase in theft noted during the assembly, opening and dismantling periods, some basic rules must be applied by the exhibitor:

- Avoid leaving your invitation card on visible furniture, keep them into a lockable unit,
- Do not leave your personal belongings out (wallets, handbags, bags, etc.),
- Do not leave mobile phones unattended,
- In the evening, tidy away any valuable items (computers, laptops, tablets) in a lockable unit or take them home with you,
- During the assembly and dismantling periods, one person must continuously be present at the stand.

**This person serves as your only guarantee against theft.**

**If you have ordered an equipped stand, the storage room will be dismantled on Wednesday, February 11, from 8:00 PM.**

# BEWARE - GDPR

## Beware of proposals for your name to appear in business directories

Some businesses (like Fair Guide, Expo Guide...) have been offered the inclusion of their details in professional directories or in a register of exhibitors at trade shows by various companies. This is based on the addresses of participants to the WINE PARIS Exhibition or other trade shows.

These documents are presented ambiguously and may suggest a simple process to check contact details by the trade show organiser. The form is a legally binding order with a company which is generally located abroad, for the insertion of advertisements in non-existent or confidential directories. This may run over several years.

Companies that return the signed document then receive an invoice and are subjected to numerous reminders for payment of the required sum.

We have long been aware of these procedures and regularly inform our customers to warn them off these companies.

We have also contacted the DGCCRF, the French Directorate-General for Competition, Consumer Affairs and Prevention of Fraud, and the FFSCF, the French Federation of Trade Fairs and Exhibitions.

Suppose you replied to these companies' correspondence by mistake. In that case, we suggest that you immediately send them a registered letter to cancel the order and, more specifically, refuse to pay their invoice, even if they insist strongly.

If the company is based in France, you may contact the DDPP (the French Departmental Directorate for the Protection of Populations) or the DDCSPP (the French Departmental Directorate for Social Cohesion and the Protection of Populations) in your department and file a complaint based on false advertising.

These governmental services may consider sanctioning these companies for misleading marketing practices.

If the company is located abroad, the DGCCRF may not be able to act against these operators in many countries.

Businesses or individuals affected by these practices must file a complaint for fraud with the police or the French Crown Prosecutor, and not feel intimidated by their reminders.

To our knowledge, these companies have never carried through their threats of legal action.

## IMPORTANT

All wine growers/producers who will establish an accompanying document for the circulation of alcohols must have a validity until February 09th, 2026 first day of opening of the fair;

## PRODUCTS CIRCULATION AND TAXES

French exhibitors must pay the excise duties on leaving the cellars with liquidation of the rights on the DRM.

European and non-EU exhibitors must send their wines under DAE (*Electronic Administrative Document*) through the EMCS procedure.

For more information on the procedure EMCS:

# WINE TRANSPORT & DELIVERIES

## WINE DELIVERY

If you are using a transporter of your choice, please follow the instructions below for the delivery of your wines:

Wines can be delivered from February 5 to February 9 (in the morning, before the show opens to the general public).

### DELIVERY ADDRESS:

Salon WINE PARIS 2026  
VIPARIS – Porte de Versailles

*Name of your company*  
*Hall / Stand number*  
*Name of an on-site contact / Mobile number*

1 place de la Porte de Versailles  
75015 Paris - France

## IMPORTANT

1. Your presence is **mandatory** to receive your goods.
2. Make sure you specify to the transporter that the delivery must be made inside the exhibition centre (chartered transport, not courier service).
3. The wines must be under DAE through the **EMCS** procedure for European exhibitors.
4. For any unloading closer to the hall, the transporter must register on **LOGIPASS** to obtain temporary access to the delivery area.

# CSR COMMITMENT

Vinexposium has committed itself, along with the entire events industry, through the Net Zero Carbon Event Pledge, to a major goal: contributing to global carbon neutrality by 2050.

Eco-design your stand in advance, minimise waste and goodies during the show, and encourage the recovery of your stand elements when it is dismantled so that they can be reused next year.

Contact our approved service provider Muto whose teams are authorised to dismantle your stand and recycle single-use items (carpets, scraped cotton, wooden counters, etc.).

No longer need it?

Muto is a turnkey service dedicated to the **social reuse** of temporary fittings, recovering all materials (carpet, brushed cotton, counters, etc.) to give them a second life, thanks to beneficiaries in the social and solidarity economy.

What's more, these services are now eligible for tax relief of up to 60%.

## What should you do with your bottles at the end of the day during the exhibition?

Place your empty bottles in the blue box(es) provided and leave it (them) on the edge of your stand.

These boxes will be collected every evening by our partners. These bottles will no longer be broken but sorted, cleaned and reused for future use.

## What should you do with your cork or synthetic closures?

If your bottles are still full, empty them into the spittoon and place the corks in the kraft bag provided in the exhibitor kit.

Our team will collect the corks from the bag during the exhibition. The profits from the corks collected and reused will be donated to the Agir Cancer charity.

FÉDÉRATION  
FRANÇAISE DU LIÈGE  
[planeteliège.com](http://planeteliège.com)

## What should you do with the drinks left in your bottles?

Empty the bottles into the spittoon, which will be continuously emptied by a dedicated team. These liquids collected during the exhibition will be distilled to be used in the production of biofuel.

## HANGING & OVERHEAD POWER SUPPLY, TRUSSES AND LIGHTS

### IMPORTANT INFORMATION

#### HANGING IN FRAMEWORK OR ON EXISTING STRUCTURES

The following provisions must be complied with:

1. the rigging points located at each point on the 3m x 3m grid must be used;
2. obligation to use suspended hooks in the case of suspension points with respect to the knots to avoid any oblique stress;
3. the following must be used:
  - slings;
  - cable clamps;
  - or sheathed cabling\*.
4. vertical loads from each established rigging point must be limited to a maximum of 80 kg;
5. obligation to submit, for validation, a file to VIPARIS's Slings Department, any device with headframe or any other provision allowing to reach the result obligation limiting the loads to a vertical load of 80 kg per rigging point;
6. if several hoists are to be used simultaneously, a validated hoisting plan must be presented;
7. a fail-safe system must be in place for each suspended assembly (in case one suspension elements fails, the other elements will bear the load). The breaking of one fastening or suspension element must not cause the suspended elements to fall.

With reference to, and as a supplement to the best practices guide to dismountable equipment and assemblies issued by the Paris Prefecture of Police on 6 November 2019, special repetitive rigging points that support dismountable assemblies such as light trusses, gantries, ceilings and canopies with a total load of over 1,000 kg or requiring more than 13 slings, will be checked by an inspection office (BC).

Assembles with a total load of less than 1,000 kg, or those requiring fewer than 13 slings and where the uppermost point of the suspended material is higher than 6.20 m, shall be checked by an inspection office (BC).

Assembles with a total load of less than 1,000 kg, or those requiring fewer than 13 slings and where the uppermost point of the suspended material is between 6.20 m and 3.50 m, shall be checked by a competent technician (TC).

Assembles with a total load of less than 1,000 kg, or those requiring fewer than 13 slings and where the uppermost point of the suspended material is lower than 3.5 m, shall necessitate a certificate of good assembly drawn up by the installer (this certificate is equivalent to an inspection document).

Special non-repetitive rigging points must be checked by a BC, regardless of the total load and suspension height.

## HANGING & OVERHEAD POWER SUPPLY, TRUSSES AND LIGHTS

"Special non-repetitive rigging points" means non-industrial, "in-house" rigging systems for maintaining the frames of stands that provide support for decorative elements, ceilings, walls, lighting, sound systems, screens, video displays, advertising and signage.

These provisions are summarised in the following table:

Installations	Total load and height (h)	Inspection body		
		BC*	TC**	INST***
Repetitive rigging points	< 1000 kg and h < 3.50 m			X
	< 1000 kg and h < 6,20 m		X	
	< 1000 kg et h > 6,20 m	X		
	> 1000 kg	X		
Non-repetitive rigging points	Regardless of the total load or height	X		

\* *Inspection office (BC): person or body that is accredited by the Ministry for the Interior.*

\*\* *Competent technician (TC): a competent technician is a person with professional experience or certified training in the area of assembly and inspection of dismountable assemblies.*

\*\*\* *Installer (INST): a person who sets up a stand for the exhibitor or the exhibitor him- or herself.*

However, the competent technician must carry out the inspection under the following conditions:

- The points listed below must be checked by the competent technician in charge of installing the slings:
  - The installation must be in accordance with the plan provided;
  - The rigging thimbles must be checked for any irregularities;
  - Visual inspection of the cable (pinching, twisting, etc.);
  - Verification that quick links are properly closed;
  - Quick links must be positioned in the right direction;
  - Compliance with authorised sling points;
  - Compliance with the maximum sling usage angles

## HANGING & OVERHEAD POWER SUPPLY, TRUSSES AND LIGHTS

At the end of these checks, the certificates drawn up by the body or bodies accredited by the Ministry for the Interior or the competent technicians (red section on diagram page 4) will be issued to RUS VIPARIS prior to the opening to the public of the event in question.

- The points listed below must be checked by the competent technician from the installer of the suspended structures:
- Conformity of the installation with specifications in the manufacturer's technical notice and compliance with the load charts and any calculation notes, light bridges installed in the proper direction, inspection of installation of rigging clips, etc.;
  - Use of hoisting equipment that have been duly checked (periodic inspection according to the standards in force) and that are of equal power and synchronised;
  - Compliance with the technical specifications established by the event organiser;
  - Compliance with the specifications indicated on the plan provided and compliance with the site's technical specifications;
  - Use and implementation of hoisting accessories (cables, slings, shackles, quick links...) in compliance with the standards in force;
  - Compliance of the rigging points on the suspended structures with the standards in force in coherence with the loads to be supported;
  - Installation of safety slings in a taut position, particularly for electric hoists;
  - Double securing of technical elements installed on the lighting truss or the suspended structure, e.g. spotlights, screens, speakers, signage elements, etc.

At the end of these checks, dated and signed certificates (blue portion on diagram page 4), comprising the aforementioned points and drawn up by the body or bodies accredited by the Ministry for the Interior or the competent technicians, shall be provided to the mandated Safety Officer (see Article T 6 of the Fire Safety Regulations) who, in accordance with the provisions of the Fire Safety Regulations, shall be responsible for ensuring compliance with the requirements of the specifications referred to in Articles T4 and T5. This handover shall be carried out prior to the opening to the public of the event in question.
